INDEPENDENT AUDITORS' REPORT

We have audited the accompanying financial statements of Kalamazoo Lake Sewer and Water Authority, County of Allegan, Michigan as of and for the year ended February 28, 2005, as listed in the index. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Kalamazoo Lake Sewer and Water Authority, County of Allegan, Michigan, as of February 28, 2005, and its changes in net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 8, Kalamazoo Lake Sewer and Water Authority adopted the provisions of Governmental Accounting Standards Nos. 33, 34, 36, 37, 38 and 40 as of and for the year ended February 28, 2005.

The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. Management has elected to omit the Management's Discussion and Analysis from the required supplementary information.

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The Schedule of Allegan County Sewer Disposal and Water Supply System Bonds on page 12 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

KALAMAZOO LAKE SEWER AND WATER AUTHORITY
COUNTY OF ALLEGAN, MICHIGAN
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2005

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The Kalamazoo Lake Sewer and Water Authority is a joint venture of the City of the Village of Douglas and City of Saugatuck, created under the provisions of Act 233, Public Acts of Michigan, 1955, as amended. The Authority was formed to operate, maintain, administer, and manage the water and sewage disposal systems. The Authority grants credit to its residential, commercial and industrial customers located within the City of the Village of Douglas, City of Saugatuck and Saugatuck Township.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT
PRESENTATION

The Authority is accounted for in funds, each of which is considered to be a separate accounting entity. The major fund categories are Proprietary funds and Fiduciary funds.

Proprietary funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis are financed or recovered primarily through user charges.

Fiduciary funds account for assets held by the Authority in a trustee or agency capacity. Agency funds are custodial in nature and do not involve measurement of results of operations.

The accounting policies of the Authority conform to generally accepted accounting principles as applicable to proprietary funds of governmental units, and, accordingly, the accrual basis of accounting and economic resource measurement focus are followed. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Proprietary funds distinguish operating revenues and expenses from nonoperation items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance. The government has elected not to follow subsequent private-sector guidance.

BANK DEPOSITS AND INVESTMENTS

For the purposes of the statement of cash flows, cash and equivalents are defined as demand deposits, savings accounts and investments in a short-term investment fund for local units of government.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

CUSTOMER RECEIVABLES

Customer receivables are carried at their net realizable value. The Authority rarely has uncollectible accounts because of its ability to collect overdue balances with a property tax levy. Accordingly, the Authority has not recorded an allowance for doubtful accounts.

PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future years and are recorded as prepaid items.

CAPITAL ASSETS

Capital assets include property, plant and equipment. Capital assets are defined by the Authority as assets with an initial individual cost of more than \$2,500 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Property, plant and equipment is depreciated using the straight-line method over the following useful lives:

Buildings, plant and improvements	10-40
Lift stations	40
Mains and connections	40
Machinery and equipment	5-10
Office equipment and furnishings	3-10

COMPENSATED ABSENCES

All employees are granted paid time off in varying amounts depending on length of service. Employees may accumulate a maximum of 360 hours of paid time off. In the event of termination, an employee is reimbursed for any unused accumulated paid time off at 100% of their current base rate.

At the election of the employee, paid time off hours may be converted to their cashable sick leave account (CSLA). Hours accumulated in the CSLA are to be used for short term disability, care of an inform parent, or any other medical emergencies. Employees may accumulate a maximum of 360 CSLA hours. In the event of termination, an employee is reimbursed for any unused accumulated CSLA hours at 50% of their current base rate.

The amounts attributable to proprietary funds are charged to expense and a corresponding liability in the applicable fund.

NOTE 2 – DEPOSITS AND INVESTMENTS

Michigan Compiled Laws, Sections 129.91 authorizes the Authority to make deposits and invest in the accounts of federally insured banks, credit unions, and savings and loan associations which have an office in Michigan. The local unit is allowed to invest in bonds, securities and other direct obligations of the United States or any agency or instrumentality of the United States; United States government or federal agency obligations; repurchase agreements; bankers' acceptance of United States banks; commercial paper rated within the two highest classifications which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivision which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local unites of government in Michigan.

The Authority Board has designated two banks for the deposit of Authority funds. The investment policy adopted by the Board is in accordance with Public Act 196 of 1997.

At year-end the Authority's deposits and investments were reported in the basic financial statements in the following categories:

	<u>Business-type Activities</u>	<u>Fiduciary Funds</u>	<u>Total Primary Government</u>
Cash and equivalents	<u>\$ 605,104</u>	<u>\$ 751,376</u>	<u>\$1,356,480</u>

The breakdown between deposits and investments is as follows:

Bank deposits (checking and savings accounts, certificates of deposit)	<u>\$1,356,480</u>
---	--------------------

The bank balance of the Authority's deposits is \$1,380,347 of which \$200,000 is covered by federal depository insurance and \$1,180,347 uninsured and uncollateralized.

The schedule of bonds issued, redeemed and outstanding is on page 12.

The Authority is also collecting connection fees for the City of Saugatuck and the City of the Village of Douglas by agreement. In addition, the Authority collects debt service fees for Saugatuck Township. These funds are held by the Authority until the local governments request the funds.

NOTE 6 – DEFINED BENEFIT PENSION PLAN

PLAN DESCRIPTION

The Authority's defined benefit pension plan, which consists of participation in the Municipal Employees' Retirement System of Michigan, provides retirement, disability and death benefits to plan members and beneficiaries. The Municipal Employees' Retirement System of Michigan ("System") is an agent multiple-employer pension plan administered by the Retirement Board of the Municipal Employees' Retirement System of Michigan. The authority to establish and amend the benefit provisions of the plan rests with the System's Retirement Board; the provisions of the Municipal Employees' Retirement Act of 1984, as amended by 1996 Public Act 220; and the System's plan document. The Authority adopts its specific benefit provision. The System issues a publicly available financial report that includes financial statements and required supplemental information for the Municipal Employees' Retirement System of Michigan. That report may be obtained by writing to the Municipal Employees' Retirement System of Michigan, 447 North Canal Road, Lansing, Michigan 48917 or by calling 1-800-767-6377.

FUNDING POLICY

The Authority's plan members do not contribute to the System. The Authority is required to contribute at an actuarially determined rate. The required contribution for the period March 1, 2004 through February 28, 2005 was based on the annual actuarial valuation as of December 31, 2002. The net rate used was 9.14% of a projected annual covered payroll. The contribution requirements of plan members are selected by the Authority. The contribution requirements of the Authority are established and may be amended by the System's Retirement Board, yet the Authority selects its specific benefit provision.

ANNUAL PENSION COST

For the year ended February 28, 2005, the Authority's annual pension cost of \$27,633 for MERS was equal to the Authority's required and actual contributions. The required contribution was determined as part of the December 31, 2002 actuarial valuation using the entry age normal cost method. The actuarial assumptions includes (a) a rate of return on the investment of present and future assets of 8.0%, (b) projected salary increases of 4.5% per year compounded annually, attributable to seniority/merit. The actuarial value of MERS assets was determined on the basis of a valuation method that assumes the fund earns the expected

rate of return, and includes an adjustment to reflect market value. The Authority's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis which remains stable at 30 years.

Three year trend information as of February 28 follows:

	<u>2005</u>	<u>2004</u>	<u>2003</u>
Annual pension cost	\$ 27,633	\$ 21,645	\$ 19,438

Covered payroll	\$280,479	\$248,598	\$243,644
UAAL as a percentage of covered payroll	46%	31%	19%

NOTE 7 – RISK MANAGEMENT

The Authority is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries, as well as medical and workman's compensation benefits provided to employees.

The Authority participates in the Michigan Municipal Workers' Compensation Fund. This fund consists of a group program of workers' compensation self insurance for Michigan Municipalities. The Authority pays premiums based on estimated payroll for the policy period and is subject to an audit of actual payroll paid during the policy period to determine if additional premiums are due or a refund is warranted.

The Authority purchases commercial insurance for general liability, property coverage and medical benefits.

Settled claims for insurance have not significantly exceeded the amount of coverage during the year ended February 28, 2005. During the year ended February 28, 2003 the Authority discontinued its liability insurance coverage for losses related to sewer back-ups. Management does not expect the additional exposure to result in material losses.

NOTE 8 – RESTATEMENT OF RETAINED EARNINGS

As of and for the year ended February 28, 2005, the Authority implemented the following Governmental Accounting Standards Board pronouncements:

Statements

- | | |
|--------|--|
| No. 33 | Accounting and Financial Reporting for Nonexchange Transactions |
| No. 34 | Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments |
| No. 36 | Recipient Reporting for Certain Share Nonexchange Revenues – An Amendment Of GASB No. 33 |
| No. 37 | Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments: Omnibus |
| No. 38 | Certain Financial Statement Note Disclosures |
| No. 40 | Deposit and investment Risk Disclosures |

The above pronouncements are all related to the new financial reporting requirements for all state and local governments. These pronouncements are scheduled for a phased implementation (based on size of the government) through fiscal years ending in 2005. The Authority is required to implement the new requirements no later than the fiscal year during February 28, 2005.

As a result of implementing these pronouncements for the fiscal year ended February 28, 2005, the following restatement was made to beginning net asset accounts:

Retained earnings as of February 29, 2004	\$1,841,245
